

IMPORTANT UPDATE- VACCINATION REQUIREMENTS

Dear Guest,

Following the recent surge in Covid-19 Cases from the Omicron strain Australia wide, we have an important update regarding our vaccination policy for guests wishing to stay at The Hotel Grand Chancellor TSV & PC.

The safety of our staff and guests are of utmost importance to us. After careful consideration and with this in mind - please note from the 27th December 2021, the Hotel will only be accepting double vaccinated guests. This applies to all guests aged 16 or over staying or visiting the Hotel unless a medical exemption has been provided via the Government Check in App.

Proof of double vaccination will be required for all guests at check-in. If any guest is unable to show the required proof of vaccination or exemption at check-in unfortunately they will be unable to stay at the Hotel or use any of the Hotel facilities.

We thank you for your understanding,

Hotel Grand Chancellor
